- Time limits? Time slots.
- Also have an online or written forum for people
- List of people who speak, so you can approach them afterward if you couldn't attend
- This could be had at the same time as authentic relating or some other night, so people have other options.
- Be sure there is organization and structure
- This is like Prayer Requests

- List of names of people who will speak, so if you cannot or don't want to sit through this meeting, you can address the individuals specifically at another time to ask what they spoke about.
