- Live on the Lands

Personal

Looking to do something you are passionate about?

Create Something

Try out a trade by getting hands-on, or create your own learning approach. Get a job within an Association and/or live rent-free on their grounds.

Try out a trade by getting hands-on, or create your own learning approach. Get a job within an Association and/or live rent-free on their grounds.

Create an Association

Become the founder of your own Association within the network.

Join the Caravan

Create your own life living free on the road.
Create your own life living free on the lands.

Live on the Lands

Create your own life living free on the lands.

Economic

Looking to gain wealth while escaping government extortion?
Economic cont.

Join the Caravan

Setup Festivals/Events

You can take your career and bring it on the road with you.

Professions that benefit from this: Performers, craftspersons, mechanical engineers, speakers, doctors etc.

Create a yearly festival or a weekly farmers market in your area. Create a full-time support team who wants to bring this about.

Start a Caravan

Develop one or more of the properties and help it bring wealth to your self and the community.

If you have a dream that is more specific than our caravan, you will probably want to start your own

caravan. So you can travel as you would in a more tight knit group.

Travel the Bounty Board

Fill the board with bounties, take bounties on for cash or barter. Add to existing bounties.

Trade Locally

Trading from within the network or as an individual agent, we can provide you with a network of customers for your product and access to other agorist goods. We will buy your product or help you freeze dry it.

Find anarchist clients in your area for yourself and others. Enable local trade as a local (or long distance) courier.

Habitation

Agorist Hosts

Want to keep more of your wealth while paying less (or no) rent?

Live in one of our fleet vehicles as you get a feel for your new life as a nomad. Buy or bring your own vehicle to live in.

Note: (slide-in truck campers are inexpensive and effective off-road capable mobile campers that you don't have to pay insurance on!)

You don't need money to survive.

Live rent free on lands with others who are also developing the land to be habitable and profitable. Upkeep gardens or other infrastructure. Build cities out of pallets or other found materials
